1. अपठित गद्यांश को पढ़कर दिए गए प्रश्नों के उत्तर दीजिए।

स्वच्छता हमारे जीवन का एक बहुत जरूरी हिस्सा है। जब हम अपने घर, स्कूल और आस-पास की जगह को साफ रखते हैं, तो बीमारियाँ दूर रहती हैं। हमें रोज़ नहाना चाहिए, समय पर हाथ धोना चाहिए और साफ-सुथरे कपड़े पहनने चाहिए। अगर हम गंदगी फैलाएँगे, तो मच्छर और मक्खियाँ आ जाएँगी जो बीमारी फैलाते हैं। स्वच्छ भारत मिशन भी हमें साफ-सफाई की आदत डालने के लिए शुरू किया गया है। अगर हर व्यक्ति सफाई का ध्यान रखे, तो हमारा देश और भी सुंदर और स्वस्थ बन सकता है।

Spring Flowers

Flowers are beautiful and colorful plants that grow all around us. They come in different shapes, sizes, and colors, and can be found in gardens, parks, and even in the wild. Flowers have many important jobs in nature. One of their most important jobs is to attract pollinators such as bees, butterflies, and hummingbirds. These pollinators help flowers reproduce by carrying pollen from one flower to another. Flowers also have different meanings and are often used to express emotions. For example, red roses are a symbol of love and affection, while yellow flowers represent happiness and joy. If you want to enjoy flowers at home, you can grow them in a garden or in a pot. Some easy-to-grow flowers for beginners are marigolds, petunias, and sunflowers. Flowers need sunlight, water, and soil to grow and thrive.
